Dear Dick:

On behalf of our firm, I would like to express our appreciation for the fine performance by your company on the above referenced project. As you know, this was a complex project that required a construction team that shared a commitment to achieving the highest level of work.

We especially would like to acknowledge the roles of Dave Canfield and Ed Kaczynski. It was their "can do" attitude, cooperation and patience that, in our view, were major contributions to the success of the project. In addition, they always conducted themselves in a totally professional manner, even when dealing with difficult problems.

We hope you are equally as proud of the final result as we are and congratulate you on a job well done.

Very truly yours,

James A. Cohen
