

# Capital City Rescue Mission

July 6, 2000

Cohoes, NY 12047

Dear Dick,

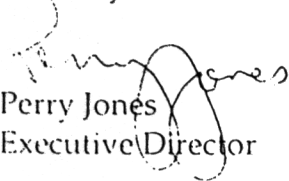

This letter is to express our appreciation to Zandri Construction and its team for the job well done on our new Mission.

We have prayed and waited for many years to see the day when a new Mission would be occupied by those who need assistance in putting their lives in order with their Creator.

Your team helped us deal with a complicated site with great results. Dick, we are most grateful for your personal integrity during difficult situations and appreciated your involvement when things needed to be expedited. Thanks for helping us keep the project within budget while maintaining the quality specified by the architect.

We look forward to enjoying, for many years to come, the many benefits this new facility will give us in pursuing our programs to help the less fortunate.

Sincerely,

  
Perry Jones  
Executive Director
