Dear Duncan;

I am writing to express my thanks and gratitude to you and your firm for the outstanding job you did as the General Contractor on the Junior Senior High School addition and renovation project.

The management team from Zandri, which included you, Bill Mumford and Bud Bell, was true professionalism at the highest level. The combined experience and knowledge was very important to the overall success of this project. The offer to always help and assist me with problems was most appreciated.

This was my first experience with a construction project of this size and your company made the experience very favorable. Many of my worries and concerns were always put at ease with your help and guidance. I personally want to thank you for that.

On behalf of this school district and this community I want to thank you all for a job well done! The community now has a school that they can all be proud of.

I hope in the future we have an opportunity to work together again.

Sincerely,
